

## VCA Exam Takeaways (25-April-2024):

\*My own score was 93%\*

- Actually be 15 minutes early there if possible.
- Only need VALID form of identification, this is either your **ID Card or Passport**
- Laptops and everything else will be provided for you and you will be given instructions once present.
- Just in case I'd recommend you to put your backpack and stuff away in the locker room although you'll likely be able to put it somewhere in the classroom.
- The exam questions are very similar to the ones you will get in class.
- You should have plenty of time to answer all the questions. I don't remember exactly how many questions there were and how much time we had but there I comfortably finished it within the time.
